

NEWS RELEASE

RELEASE DATE: 25 JANUARY 2008
RELEASE REF: MAIN 005

Main

Main offers a comprehensive range of competitively priced SEDBUK Band A and B boilers specifically for independent merchants and one off installers. It understands the particular needs of this market and offers a unique, tailored service.

Main's new SEDBUK Band A Eco range of system and combi boilers has been designed to meet the growing demand from consumers for high efficiency appliances, and will help them reduce their energy bills.

Just like the SEDBUK Band B Main HE, Main System HE and Main Combi ranges, the new boilers are extremely fitter-friendly, with many features to ensure flexible siting, straightforward installation and servicing. And householders will love the clean lines and user-friendly controls.

In addition, Main offers free product training for installers, excellent POS for merchants and reassuring technical service and support from **heateam**.

Please visit www.mainheating.co.uk or telephone 0844 871 1570.
